THE OVIK DIFFERENCE

For the Animal

- Supports muscles and joints
- Prevents injury
- Secures dressings for wound care
- Stays in place

For the Application

- Eliminates need for scissors with quick, easy application
- Ensures controlled compression - will not constrict
- Adds a touch of personality with fun print options

For the Clinician

- Improves clinical ease-of-use with EasyTear technology
- Delivers consistent application
- Increases efficiency, reduces waste, and optimizes budgets

OVIK Heath's cohesive wraps and tapes are designed to empower animals, both large and small, to perform at their best while simplifying and streamlining the veterinarian's job.

USED FOR:	
Affixing	Chew Prevention
Splinting	Immobilization
Light Compression	Splinting & Strapping
Muscle Support	Patient Positioning
Joint Support	Holding Dressings in Place
Ligament Support	Puncture Wounds

WHICH BANDAGE SHOULD I CHOOSE?

- Strongest = PowerFlex
- Companion Animal Favorite = PetFlex
- Best for Budget = CoFlex Vet
- Best for Wound Management = PetFlex AFD or PowerFlex AFD

BEST

POWERFLEX

Flexible Cohesive Bandage

- 23 lbs. of tensile strength
- Straight hand-tear
- Won't shred - high abrasion resistance
- Controlled compression - will not constrict

BETTER

PETFLEX

Flexible Cohesive Bandage

- 15 lbs. of tensile strength
- EasyTear technology
- Controlled compression - will not constrict

GOOD

COFLEX VET

Flexible Cohesive Bandage

- 10 lbs. of tensile strength
- Works well even in cold weather
- Controlled compression - will not constrict

Other Great Options:

CATTLEWRAP Flexible Cohesive Bandage

PETFLEX AFD Absorbent Foam Wrap

POWERFLEX AFD Absorbent Foam Wrap

FLEXIBLE COHESIVE BANDAGE

POWERFLEX EQUINE

POWERFLEX

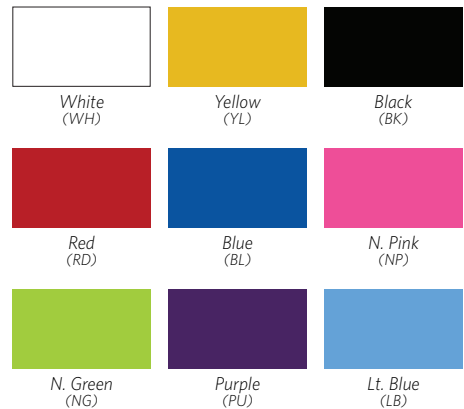

PowerFlex® is our strongest, flexible cohesive bandage ideal for support. High abrasion resistance keeps it from shredding. Ideal for equine and large animal use.

PowerFlex bandages feature straight hand-tearability, eliminating the need for scissors.

- 23 lbs. tensile strength
- Straight hand-tear
- Sweat & water-resistant
- Controlled compression - will not constrict
- Won't shred
